INTUITION is your greatest Power!

It is the non-rational instinctive knowing that provides you with inner guidance, greater intelligence and wisdom through heart consciousness.

Join Hannelore for an evening filled with stories, synchronicities, insights and techniques to appreciate and enhance your intuitive abilities. She will share methods with you to:

- ❖ Awaken and enhance your intuitive and instinctive abilities
- ❖ Master the ability to make empowering decisions in your personal and business life
- ❖ Distinguish your voice of intuition from the false voices of fear, doubt and indecision, then as you trust that voice – act upon its wisdom
- ❖ Recognize and be free of the negative influence of others
- ❖ Own and embrace your personal power
- ❖ Recognize the **Inner Divine Feminine** (intuition, compassion, emotion, creativity, sensuality, grace, inspiration and receptive...the Heart) and the **Inner Divine Masculine** (inner strength, courage, decisive, logic, reason, assertive, practical and action...the Mind)

"Intuition is far more powerful than the logical mind." Albert Einstein
